### Transmittal Letter

January 31, 2023

Members of the Lafourche Parish School Board  
805 East Seventh Street  
Thibodaux, Louisiana

The Lafourche Parish School Board (the School Board) has been required to issue a complete set of financial statements after the fiscal year end. These statements have been prepared in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants.

Therefore, we have issued this Annual Comprehensive Financial Report (ACFR) of the Lafourche Parish School Board for the fiscal year ended June 30, 2022 in fulfillment of all report requirements.

### **MANAGEMENT REPRESENTATIONS**

This report consists of management's representations concerning the finances of the Lafourche Parish School Board. Consequently, management has assumed full responsibility for both the completeness and reliability of all of the information presented in this ACFR. A reasonable basis for making these representations is rooted in a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse, and to compile sufficient reliable information for the presentation of the Lafourche Parish School Board's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the Lafourche Parish School Board's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatements. We have asserted, as management, to the best of our knowledge and belief, that the enclosed ACFR is complete and reliable in all material aspects.

**AUDITOR'S OPINION**

The School Board's financial statements have been audited by LaPorte CPAs & Business Advisors, which is a firm of licensed independent certified public accountants. The goal of the independent audit was to provide reasonable, but not absolute, assurance that the financial statements of the Lafourche Parish School Board for the fiscal year ended June 30, 2022, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. The independent auditor concluded based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the Lafourche Parish School Board's financial statements for the fiscal year ended June 30, 2022, are fairly presented in conformity with GAAP. The independent audit report is presented as the first component of the Financial Section of this report

The independent audit of the financial statements of the School Board was part of a broader federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements required the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. These reports are included in the Single Audit section of this ACFR.

GAAP required that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This Transmittal Letter was designed to complement MD&A and should be read in conjunction with it. The School Board's MD&A can be found immediately following the report of the independent auditors.

**PROFILE OF THE GOVERNMENT**

The School Board is a legislative body authorized by Louisiana Revised Statute 17:51 to govern the public education system of Lafourche Parish, Louisiana (the Parish). The 15 members on the board are elected and serve four-year concurrent terms. The main function of the School Board has been to provide a full range of services appropriate for students in grade levels ranging from preschool through 12. The services provided include regular and enriched academic instruction, special instruction for children with disabilities, as well as vocational instruction. Other services such as assessment, library, transportation, and food services have been provided to augment the primary services or to promote the welfare of the students. This report includes all funds of the School Board.

This report excludes the financial information for the other units of parish government, such as the parish council and the municipalities, because they have independently elected parish officials or because the School Board had no oversight responsibility. The School Board has been authorized to establish public schools, as it deems necessary, to provide adequate school facilities for the children of the Parish, to determine the number of teachers to be employed, and to determine the local supplement to their salaries.

## LAFOURCHE PARISH SCHOOL BOARD

Accordingly, the School Board is not included in any other governmental reporting entity since the School Board members were elected by the public and have decision-making power to designate management, the ability to significantly influence operations, and have primary accountability for fiscal matters.

### MANAGEMENT'S GOALS

The financial information contained in this ACFR must be prefaced by what management was trying to accomplish. The current Strategic Plan covers the fiscal years 2019 - 2024. The following discussion contains excerpts from the School Board's strategic plan that are being used by management to set its priorities.

**Mission Statement:** Lafourche Parish Public Schools strive to offer exemplary academic, career, co-curricular, and extra-curricular programs to develop in all students a strong sense of responsibility, citizenship, and respect for others in a safe and nurturing environment.

**Vision Statement:** Lafourche Parish Public Schools are committed to helping all students become lifelong learners, realize their full potential, appreciate the relevance of their education, and become empowered for success.

**Belief Statements:**

1. Education is the first priority.
2. All children can learn.
3. Open and honest communication builds trust.
4. High expectations must be set for everyone.
5. Efficient and effective fiscal management is imperative.
6. Collaboration with parents and community agencies reduces barriers to learning.
7. Early childhood programs enable students to come to school prepared to learn.
8. Shared decision-making and accountability enhance school effectiveness and increase student achievement.

A copy of the Parish's *Five Year Strategic Plan: 2019 - 2024* can be obtained by visiting <http://www.mylpsd.com>, clicking on the *SCHOOL BOARD* tab at the top of the page, and then clicking the *Board Docs - Strategic Goals* option from the drop down menu.

### FACTORS AFFECTING FINANCIAL CONDITION

The information presented in the financial statements is best understood when it is considered from the broader perspective of the specific environment in which the School Board operates.

**Local economy:** The School Board operated within the boundaries of Lafourche Parish located in South Louisiana approximately 50 miles west of New Orleans, which was the largest metropolitan area of the region. The 1,469 square mile parish is criss-crossed by LA Highways 1, 20, 24, and 308 and by U. S. Highway 90. It also has access to water transportation via Bayou Lafourche, the Intercoastal Waterway, and the Gulf of Mexico. Also, Burlington Northern Santa Fe has maintained and operated the railroad infrastructure in the Parish. The U. S. Census has included the Parish as part of the Houma-Bayou Cane-Thibodaux Metropolitan Statistical Area.

The Parish continues to experience growth in its population since the 2010 Census. It has grown from 96,737 in 2010 to 98,617 in 2016 then dropped to 97,614 in 2019. The 2020 Census indicated population growth again with a count of 97,557. The per capita personal income level for 2021 was \$49,614 as compared to \$48,741 in 2020 and \$43,270 in 2013. The unemployment rate was 4.3% as of June 30, 2022, which is slightly higher than the state level of 3.8%, and higher than the national level of 3.6%.

The largest segment of the economy was the oil and natural gas extraction industry but there are other aspects to the economy. LOOP, the single largest offshore port for foreign and domestic crude oil, can offload tankers with its three single-point mooring buoys. The facility has fifteen 600,000-barrel and seven 375,000-barrel tanks with a total capacity of 12 million barrels, and eight underground caverns with a total storage capacity of 60 million barrels. The port also operates a 53 mile, 48-inch pipeline that is connected to a 40-inch pipeline that connects to several Midwest refineries (<https://www.loopllc.com/About/History>).

The Greater Lafourche Port Commission (GLPC) announced the plans to construct an \$800 million Liquefied Natural Gas (LNG) Facility on 105 acres located near the LOOP facility. It is expected to produce over 2 million tons of LNG annually.

Port Fourchon, which is located at the mouth of Bayou Lafourche, is utilized by 250 companies to service about 400 large supply vessels and utilizing about 1,200 trucks on a daily basis (*About Us: Port Facts*, <http://www.portfourchon.com>). The activities conducted at the port are instrumental in supplying 10 percent of the nation's oil supply and is connected to 50% of the U.S. refining capacity. It facilitates 95% of the deep-water production. The Port also had a general aviation airport with a 6,500-foot runway that can handle up to 20-passenger business jets (*April 2013 Capital Projects Brochure*, <http://www.portfourchon.com>).

The GLPC has announced its plans to increase the size of Port Fourchon by 900 acres. The plan is to build a state-of-the-art facility that will be used for repairing and refurbishing oilrigs. The plan also involves deepening its main channel to 50 feet.

In addition to those segments, the Parish has a significant agricultural based segment of the economy that totaled \$130.5 million in 2019. The category planting enterprises had a gross value of \$41.1 million in 2019 mainly from sugar cane (\$25.6 million) and hay for sale (\$22.1 million). The wildlife and fishery enterprises segment totaled \$57.5 million, mainly from aquaculture (\$24.7 million) and marine fisheries enterprises (\$25.7 million). The domestic animal enterprises segment had a gross value of \$13.9 million, mainly from the cattle and calf's category (\$12.3 million).

Nicholls State University which opened in 1948 is located in the northern part of the Parish on 287 acres. (*Fast Facts*, <http://www.nicholls.edu>). Nicholls has 17 academic, college, departmental, and program accreditations. It offers degrees in its Arts and Sciences, Business Administration, Education, and Nursing and Allied Health colleges. The 2020 fall enrollment was 6,780 with 83.66% of the students enrolled in undergraduate programs, and 16.34% of the students enrolled in graduate programs. (<https://www.nicholls.edu/irep/>).

The economy also included agricultural-implement manufacturing, shipbuilding, and machine fabrication.

LAFOURCHE PARISH SCHOOL BOARD

January 31, 2023

**Long-term financial planning:** Since 1997, the School Board has had an ongoing construction process. The goal of the process is to make sure that there is enough capacity to meet current needs with room for an expanding student body, and to make sure that those facilities optimize the learning experience for the students of the Parish.

The School Board has been successful in obtaining the permission of the voters of the Parish to fund its ongoing process of adding and improving its facilities. The following table shows the status of those bond referendums:

YEAR	in millions		
	AUTHORIZED	ISSUED	UNISSUED
1997	\$44.4	\$44.4	\$0
2003	50.0	50.0	0
2007	48.8	48.8	0
2012	50.0	50.0	0
2017	80.0	63.0	17.0
TOTAL	\$273.2	\$256.2	\$17.0

The payment of principal for the general obligation bonds are secured by a debt service millage which was 11.2 mills in FY22.

**Cash management:** The School Board had \$162.3 million in cash and cash equivalents and \$50.9 million in investments at June 30, 2022.

The cash was classified as \$148.3 million in Governmental funds; \$0.7 million in Proprietary funds; and \$13.3 million in the Fiduciary fund.

The School Board had a policy of depositing funds in either interest-bearing demand accounts or certificates of deposit in commercial banks secured by pledged securities and federal deposit insurance. The School Board also deposited funds in the Louisiana Asset Management Pool (LAMP), which provided a higher rate than certificates of deposit with a maturity of less than one year and had been safer than directly purchasing securities of the U. S. Treasury.

The assets were managed by Argent Financial Group (<http://www.argentfinancial.com/>), which based its selection on the School Board's investment policies and investment needs as expressed by the School Board's management.

**Risk management:** The School Board's self-funded group health insurance program had a self-insured retention of \$300,000 for each medical claim. The School Board used Blue Cross/ Blue Shield for the third-party administrative services. The net position total in the Group Health Insurance Fund was \$0.0 million at June 30, 2022 that is down from the prior year balance of \$0.6 million. Claims expense accounts for the majority of the change. The School Board has been actively trying to reduce the growth in claims cost. Additional information regarding School Board efforts is described in the *Management's Discussion and Analysis*.

The School Board established a Loss Control Fund to manage its non-workers compensation property and casualty perils. It has a consultant to evaluate the various exposures, to recommend changes in contract language to mitigate exposure, to review all certificates of insurance to determine if they meet minimum requirements, to recommend changes in its insurance policies to improve coverage, and to conduct requests for proposals process as needed. The policies in force with the limits and self-insured retentions can be found in Note 4.A. - Risk Management. The School Board also employees a third party administer to administer the Loss Control Fund's claims. At June 30, 2022, the Loss Control Fund had a net position balance of \$1.1 million, which is \$0.12 million greater than it was for the prior year.

The School Board provided workers compensation coverage for its employees using a self-insured retention of \$550,000 and a \$2 million limit for each workers compensation claim. The School Board used the same consultant and third party to administer the workers compensation program that were described in the previous paragraph. The assets in this fund are also used to provide an employee assistance plan that provides employees with a variety of services meant to help employees resolve personal issues that could eventually have an effect on their job performances. The funds were also used to pay for employee medical screenings and flu shots for those employees without health insurance coverage, and for certain safety related improvements. The net position for the Workers Compensation fund was \$0.002 million by June 30, 2022, which was down from the previous balance of \$0.19 million.

The School Board has a four mill ad valorem tax to be used for safety and security issues. The millage has funded facility improvements to create single entry campuses, to purchase software that will improve response times during emergencies, and to purchase additional cameras to provide improved video monitoring of the campuses.

**ACKNOWLEDGMENTS**

The preparation of the Annual Comprehensive financial report on a timely basis was made possible by the dedicated service of the entire staff of the Business Department. Each member of the department has our sincere appreciation for the contributions made in the preparation of this report.

# FINANCIAL SECTION

June 30, 2022

## **Independent Auditor's Report**

To the Members of the  
Lafourche Parish School Board  
Thibodaux, Louisiana

### **Report on the Audit of Financial Statements**

#### **Opinions**

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Lafourche Parish School Board (the School Board) as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the School Board's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the School Board as of June 30, 2022, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Basis for Opinions**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the School Board and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified and unmodified audit opinions.

#### **Emphasis of Matter**

As discussed in Note 1 to the financial statements, the School Board adopted Governmental Accounting Standards Board Statement No. 87, *Leases*, for the year ended June 30, 2022. Our opinion is not modified with respect to this matter.

#### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the School Board's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the School Board's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the School Board's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 15 to 24, and the schedule of changes in net OPEB liability and related ratios, the schedule of proportionate share of net pension liability, the schedule of pension contributions, the schedules of revenues, expenditures and changes in fund balance - budget and actual - general fund, 1995 sales tax salary reserve fund, salary supplement fund, and the notes to required supplementary information on pages 86 to 96, be presented to supplement the basic financial statements.

Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board (GASB) who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### **Supplementary Information**

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the School Board's basic financial statements. The combining and individual non-major fund statements and schedules; the schedules of revenues, expenditures, and changes in fund balance - budget and actual for the non-major special revenue funds, the schedule of compensation paid to board members; and the schedule of compensation, benefits, and other payments to agency head, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The accompanying supplementary information referred to in the preceding paragraph is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual non-major fund statements and schedules; the schedules of revenues, expenditures, and changes in fund balance - budget and actual for the non-major special revenue funds, the schedule of compensation paid to board members; and the schedule of compensation, benefits, and other payments to agency head are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### **Other Information**

Management is responsible for the other information included in the annual report. The other information comprises the introduction and statistical sections but does not include the basic financial statements and our audit reports thereon. **FINANCIAL HIGHLIGHTS**

This section has been presented to provide a narrative overview and analysis of the financial activities of the Lafourche Parish School Board (the School Board) for the fiscal year ended June 30, 2022. You, as the reader of these statements, are being encouraged to consider the information presented here along with the information that is furnished in the transmittal letter. This section has been prepared to give you management's perspective of the information contained in the financial statements.

Key financial highlights for the 2021-2022 fiscal year include the following:

- The total of assets reported in the government-wide statements is \$451.2 million, which is \$126.2 million more than the restated total from preceding year. Current assets increased by \$109.3 million while noncurrent assets increased by \$16.9 million.
- Total governmental activities revenues in 2022 were \$255.0 million, an increase of \$63.7 million. Local sources decreased by \$2.5 million, state sources decreased by \$0.8 million, while federal sources decreased by \$0.2 million.
- Total governmental activities expenses in 2022 were \$184.1 million, which was a \$5.3 million decrease from the 2021 total. Instructional expenses decreased \$63.1 million, support service expense increased \$59.7 million, and interest and other expenses decreased \$2.2 million over prior year.
- In the governmental funds, total fund balance in 2022 was \$224.0 million, which was \$95.9 million more than in 2021. Restricted fund balance increased by \$80.6 million primarily due to a bond issuance, the committed fund balance decreased by \$0.4 million, and unassigned fund balance increased by \$18.1 million.

**OVERVIEW OF THE FINANCIAL STATEMENTS**

This discussion and analysis has been presented to serve as an introduction to the Lafourche Parish School Board's basic financial statements. The School Board's basic financial statements have been divided into three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. Other information has been added to the basic financial statements themselves to supplement them.

**GOVERNMENT-WIDE FINANCIAL STATEMENTS:** The government-wide financial statements were designed to provide readers with a broad overview of the Lafourche Parish School Board's finances, in a manner similar to a private-sector business. These financial statements employed the accrual basis of accounting.

**LAFOURCHE PARISH SCHOOL BOARD  
THIBODAUX, LOUISIANA**

**Management's Discussion and Analysis**

---

The *Statement of Net Position* (Statement A) was constructed to present information on all of the School Board's assets, deferred outflows, liabilities, and deferred inflows, with the difference among these reported as net position. Over time, increases or decreases in net position could serve as a useful indicator of whether the financial position of the Lafourche Parish School Board is improving or deteriorating.

The *Statement of Activities* (Statement B) was constructed to present information showing how the government's net position changed during the most recent fiscal year in employing the accrual basis of accounting. All changes in net position were reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses were reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements of the Lafourche Parish School Board have presented only functions principally supported by taxes and functions of the intergovernmental revenues (governmental activities). The School Board did not have any functions that are intended to recover all or a significant portion of their cost through user fees and charges (business-type activities).

The government-wide financial statements included only Lafourche Parish School Board itself (known as the primary government). The School Board does not have any component units that need to be reported separately from the financial information of the primary government.

**FUND FINANCIAL STATEMENTS:** The fund presentation groups related accounts that were used to maintain control over resources that have been segregated for specific activities or objectives. The Lafourche Parish School Board, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the School Board are divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

***Governmental funds.*** Governmental funds were used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements employed the modified accrual basis of accounting that focused on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds was narrower than that of the government-wide financial statements, it was useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet (Statement C) and statement of revenues, expenditures, and changes in fund balances: (Statement E) provide a reconciliation (Statements D and F, respectively) to facilitate this comparison between governmental funds and governmental activities.

**Management's Discussion and Analysis**

---

The Lafourche Parish School Board maintains various individual governmental funds to account for its activities. The information accumulated using the individual governmental funds has been presented separately in the balance sheet (Statement C) and statement of revenues, expenditures, and changes in fund balances (Statement E) for the General Fund, the 2021 Construction Fund, and the 1995 Sales Tax Salary Reserve Fund, all of which are considered to be major funds. Data from the other governmental funds has been combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds has been provided in the form of combining statements elsewhere in this report.

The governmental funds are divided into two groups (budget funds and construction funds). The following is quick reference for fund categories:

**Management's Discussion and Analysis**

---

**Proprietary funds.** The Lafourche Parish School Board maintained three proprietary type funds. The School Board uses these internal service funds as accounting devices to accumulate and allocate costs internally among the School Board's various functions for its self-funded workers' compensation, property and casualty perils, and group health insurance programs. Because the services predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements.

The proprietary fund statements provide the same type of information as the government-wide financial statements, only in more detail, and employ the accrual basis of accounting. Statements G, H, and I are the proprietary fund financial statements that provide separate information for the Workers' Compensation, Loss Control, and Group Health Insurance Funds.

**Fiduciary funds.** Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the Lafourche Parish School Board's own programs. The School Board is the sales and use tax collection agent for itself and eight other governmental entities, which are processed using the sales tax fund, which is classified as a custodial fund. The fiduciary assets and liabilities for the sales tax fund are reported in Statement J.

**Notes to the financial statements.** The notes are presented to provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

**Other information.** In addition to the basic financial statements and accompanying notes, the report has provided additional information. Schedules 1, 2, and 3 include required supplementary information. Schedule 1 provides supplementary information about the School Board's net other postemployment benefit liability. Schedules 2 and 3 provide supplementary information about the School Board's proportionate share of the net pension liability associated with the three retirement systems in which its employees participate. The School Board adopts an annual appropriated budget for all its governmental funds except capital projects funds. Schedules 4 and 5 provide budgetary comparison schedules for the government to demonstrate compliance with its budget for all major funds as required supplementary information. Schedules 6, 7, 8, and 9 are presented to provide the combining statements referred to earlier in connection with non-major governmental funds. Schedules 10 to 27 are budgetary comparison schedules for non-major special revenue funds. Schedules 28 and 29 are presented to provide combining statements for non-major capital projects funds. Schedules 30 and 31 are presented to provide combining statements for the non-major debt service fund. Schedule 32 is included to present information concerning board member compensation that was required by the state. Schedule 33 is included to comply with Act 706 of the 2014 Regular Session of the Louisiana Legislature.

**GOVERNMENT-WIDE FINANCIAL ANALYSIS**

This section includes the analysis of the School Board's financial operations using the government-wide perspective. The following table contains a summary and comparison of the amounts included in the statements of net position for fiscal years 2022 and 2021:

**Table I - Summary Statements of Net Position

<b>Total Net Position</b>	<b>\$ (128,674)</b>	<b>\$ (199,599)</b>

The changes in current assets is the result of management's continued efforts to improve the net position of the General Fund.

The change in current assets is primarily due to increases in cash as a result of bond proceeds and hurricane recovery. Accounts receivable also increased due to hurricane recovery funds.

The change in noncurrent assets is primarily due to construction in progress related to hurricane recovery.

The changes to the long-term liabilities and deferred inflows of resources related to pensions and to other postemployment benefits resulted from the calculations involved in the determination of the School Board's net pension liability and net other postemployment liability, respectively.

**FUND STATEMENT FINANCIAL ANALYSIS**

As noted earlier, the Lafourche Parish School Board uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental funds:** The focus of the Lafourche Parish School Board's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information can be useful in assessing the School Board's financing requirements. In particular, unassigned fund balance has served as a useful measure of a government's net resources available for spending at the end of the fiscal year.

The \$46.3 million increase in program revenues is largely attributed to hurricane recovery funds.

Revenues from other sources increased by \$20.5 million primarily due to insurance proceeds.

The \$5.2 million decrease in school administration expenditures resulted from the calculations involved in the determination of the School Board's net pension liability and net other postemployment liability.

**Proprietary funds:** The School Board uses three funds to account for its internal service activities: The Group Health Fund that accounts for the activities associated with the School Board's self-funded group health program; the Loss Control Fund that accounts for the activities associated with the School Board's self-funded property and casualty program; and the Workers' Compensation Fund that accounts for the activities associated with the School Board's self-funded workers' compensation program.

The Loss Control Fund had a net gain of \$0.1 million for FY 2022. The \$0.6 million change to the Group Health Fund was largely due to the increase in claims expense. The Workers' Compensation Fund had a worse claims year with expenses increasing significantly from 2021.

**Fiduciary funds:** The School Board has one fiduciary fund that it used to account for the assets it holds in trust. The Sales and Use Tax Fund accounts for the collection and disbursement of sales and use taxes it collects for itself and for the other tax levying authorities in the Parish.

**Management's Discussion and Analysis**

---

**GOVERNMENTAL FUND BUDGETARY HIGHLIGHTS**

The General Fund revenues were higher than anticipated with a positive variance of \$1.4 million mostly due to the actual amounts collected in tax revenue. General Fund expenditures were \$9.3 million less than anticipated in the budget mostly due to reductions in salaries and benefits, coupled with other savings realized due to the effects on operations caused by Hurricane Ida. Other Financing Sources (Uses) category had a negative variance of \$3.1 million.

The *1995 Sales Tax Salary Reserve Fund* revenues were higher than anticipated by \$5.6 million mostly due to the actual amounts collected in tax revenue.

The *Salary Supplement Fund* revenues were less than anticipated with a negative variance of \$1.7 million. This was due to less property tax revenues as a result of Hurricane Ida.

**CAPITAL ASSET AND DEBT ADMINISTRATION**

**Capital assets:** The net balance in capital assets for the School Board at June 30, 2022 was \$173.5 million. The following has been presented to recap the capital asset balances:

**Table III - Capital Assets, Net of Depreciation  
June 30, 2022 and 2021  
(in thousands)**

Category	Cost	Accumulated Depreciation	Net Balance	
			June 30, 2022	June 30, 2021
Capital Assets				
Land	\$ 3,602	\$ -	\$ 3,602	\$ 3,602
Buildings and Improvements	265,275	133,369	131,906	140,142
Furniture and Equipment	9,647	7,724	1,923	2,037
Construction in Progress	36,083	-	36,083	9,614
<b>Total</b>	<b>\$ 314,607</b>	<b>\$ 141,093</b>	<b>\$ 173,514</b>	<b>\$ 155,395</b>

The total net balance increased by \$18.1 million due to a construction in progress related to hurricane recovery.

At June 30, 2022, the School Board's governmental funds reports a fund balance restricted for capital projects in the amount of \$130.4 million, most of which is from the unexpended general obligation bond proceeds and insurance proceeds.

**Right-to-Use Assets:** Right-to-use assets recorded upon adoption of Governmental Accounting Standards Board (GASB) Statement No. 87 totaled \$7.8 million with total accumulated amortization of \$1.4 million at June 30, 2022. The leases have a corresponding lease obligation of \$6.2 million at June 30, 2022.

**Long-term debt:** The following is a recap for the various types of long-term debt outstanding:

**Table IV - Outstanding Debt  
June 30, 2022 and 2021  
(in thousands)**

	2022	2021 Restated
<b>Governmental Activities</b>		
Bonded Debt	\$ 206,225	\$ 123,310
Premium on Bonds	5,753	6,412
Compensated Absences	6,622	6,763
Lease Obligation	6,234	7,538
Net Other Postemployment Benefits Liability	171,056	209,600
Net Pension Liability	81,064	164,006
<b>Total</b>	<b>\$ 476,954</b>	<b>\$ 517,629</b>

At June 30, 2022, general obligation bonded debt totaled \$206.2 million, while the related fund balance in the debt service fund was \$11.4 million. The ratio of net bonded debt to total assessed property (see Table 12 in the statistical section of this report) increased to 18.1% in 2022 from 9.1% in 2021, while the legal debt margin was decreased to \$343.4 million in 2022 from \$470.7 million in 2021. In addition, the ratio of debt service expenditures to noncapital expenditures (see Table 6 in the statistical section of this report) decreased to 5.05%.

The School Board's bond rating S&P Global Ratings is *A+ / Stable* as of April 20, 2022.

The net other postemployment benefits liability at June 30, 2022 was \$171.1 million. The change in discount rate from 2.16% to 3.54% was the main reason that the balance decreased from the 2021 balance of \$209.6 million. The School Board does not have any plans at this point to fund the balance of this liability. Additional information is provided in Note 4.C. - Postemployment Health Care and Life Insurance Benefits.

The School Board recognized its proportionate share of the net pension liability in the three retirement systems to which it contributes. The balance of the School Board's net pension liability at June 30, 2022 was \$81.1 million, down from \$164.0 million in the prior year. A detailed discussion is included in Note 4.D. - Defined Benefit Pension Plans.

**ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND TAX RATES**

A copy of the 2023 Budget can be obtained by visiting the Business Department's webpage <https://www.mylpsd.com/departments/business>. The 2023 budget highlights are as follows:

The 2023 budget provides for a student enrollment of 14,158, which results in revenues per student of \$13,274, and expenditures per student of \$15,555, and for 1,986 full time employee positions.

Revenues have been increased by \$17.3 million as a result of a \$26.1 million increase in the federal grant revenue, a \$3.2 million increase in state grant revenue, and an increase of \$5.6 million in local revenue.

Expenditures have been increased by \$37.8 million as a result of the board's authorization of a step increase for all employees, the inclusion of \$50.0 million in ESSER funds, a 30% average increase in fuel and material costs, and recovery costs associated with damaged caused by Hurricane Ida on August 29, 2021.

Includes funding for the salary schedule changes of:

- A one-step increase to the salary schedule for 2022-2023 fiscal year for all employees.
- Continuation of the 2019-2020 provision of the \$1,000 state increase for certificated personnel and the \$500 state increase for support staff.
- Continuation the 2021-2022 provision of the \$800 state increase for certificated personnel and the \$400 state increase for support staff.
- Inclusion of a \$1,500 salary increase for certificated personnel and a \$750 increase for support staff provided by the state.

Fund balances are estimated to grow by 24.9% by June 30, 2023 with the General Fund ending unassigned balance to be \$28.80 million.

**LAFOURCHE PARISH SCHOOL BOARD  
 THIBODAUX, LOUISIANA  
 Reconciliation of the Balance Sheet - Governmental Funds  
 to the Government-Wide Statement of Net Position  
 June 30, 2022**

**Statement D**

**Total Fund Balances - Governmental Funds** \$ 224,023,110

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in fund balance:

Capital Assets Not Being Depreciated	\$ 39,685,167	
Capital Assets Being Depreciated, Net	<u>133,829,537</u>	173,514,704

Right-to-Use Assets, Net		6,327,192
--------------------------	--	-----------

Long-term liabilities, including general obligation bonds payable and associated premiums and discounts, are not due and payable in the current period and, therefore, are not reported in the funds:

Deferred Outflows from Bond Refunding, Net	952,185	
Premiums on Bonds Sold, Net	(5,753,269)	
General Obligation Bonds Payable	(206,225,000)	
Lease Obligations	<u>(6,234,337)</u>	(217,260,421)

The government-wide financial statements must accrue expenses as a liability is incurred, whereas governmental funds do not recognize an expense or liability for certain liabilities until they are due (for example, compensated absences):

Accrued Interest Payable	(1,790,510)	
Net Pension Liability	(81,064,028)	
Deferred Outflows of Resources on Net Pension Liability	28,452,416	
Deferred Inflows of Resources on Net Pension Liability	(60,646,354)	
Net Other Postemployment Benefits Liability	(171,056,289)	
Deferred Outflows of Resources on Net OPEB Liability	2,087,448	
Deferred Intflows of Resources on Net OPEB Liability	(25,754,573)	
Compensated Absences Payable	<u>(6,621,720)</u>	(316,393,610)

Internal service funds are treated as an additional governmental activity type for purposes of consolidation. Their data is incorporated with the data of the "other" governmental fund types for purposes of government wide financial reporting:

Group Health Insurance Fund	-	
Loss Control Fund	1,112,907	
Workers Compensation Fund	<u>2,359</u>	<u>1,115,266</u>

**Governmental Activities Net Position at June 30, 2022** \$ (128,673,759)

**Reconciliation of the Statement of Revenues, Expenditures, and  
Changes in Fund Balances - Governmental Funds to the  
Government-Wide Statement of Activities  
For the Year Ended June 30, 2022**

---

<b>Total Net Change in Fund Balances - Governmental Funds</b>		<b>\$ 95,885,019</b>
---	--	----------------------

Amounts reported for governmental activities in the statement of activities are different because:

Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation and amortization expense. This is the amount by which capital outlay exceeded depreciation and amortization in the current year:

Capital Outlay	\$ 27,032,326	
Depreciation and Amortization Expense	<u>(10,295,831)</u>	
		16,736,495

Payments on long term liabilities, including general obligation bonds payable and accrued interest, are reported as expenditures in the funds, but as a reduction of liability in the governmental wide financial statements:

Bonds Issued (Including Refunding Bonds)	(99,990,000)	
Repayment of Principal Portion of Long-Term Liabilites	18,551,281	
Deferred Charge on Bond Refunding	(537,835)	
Amortization of Premiums on Bonds Sold	<u>658,405</u>	
		(81,318,149)

The government-wide financial statements must accrue expenses as a liability as incurred whereas governmental funds do not recognize an expense or liability for certain liabilities until they are due (for example, compensated absences):

Change in Net Pension Liability and Related Deferred Outflows of Resources and Deferred Inflows of Resources	26,739,387	
Change in Net Other Postemployment Benefits Liability and Related Deferred Outflows of Resources and Deferred Inflows of Resources	13,979,222	
Change in Compensated Absences Payable	140,998	
Change in Accrued Interest Payable on General Obligation Bonds	<u>(534,673)</u>	
		40,324,934

For purposes of consolidation, internal service funds are presumed to operate on a strictly "break even" basis. Therefore, any internal profit or loss must be eliminated:

Group Health Fund	(642,230)	
Loss Control Fund	128,441	
Workers Compensation Fund	<u>(189,679)</u>	
		<u>(703,468)</u>

<b>Change in Net Position of Governmental Activities</b>		<b><u>\$ 70,924,831</u></b>

NOTES TO THE FINANCIAL  
STATEMENTS

June 30, 2022

**LAFOURCHE PARISH SCHOOL BOARD  
THIBODAUX, LOUISIANA**

**Notes to Basic Financial Statements**

---

**Note 1. Summary of Significant Accounting Policies**

The Lafourche Parish School Board (the School Board) was created under Louisiana Revised Statute (R.S.) 17:51 for the purpose of providing free public education for the children within Lafourche Parish. The School Board has been authorized by R.S. 17:81 to establish policies and regulations for its own government that are consistent with the laws of the State of Louisiana and the regulations of the Louisiana Board of Elementary and Secondary Education. The School Board is comprised of 15 members who have been elected from 15 districts for a term of four years.

The School Board operates 29 schools and authorized two charter schools within the Parish with a total enrollment at the end of June 30, 2022 of 14,158. In conjunction with the regular educational programs, some of these schools offer special education programs. Additionally, the School Board provides transportation and school food services for the students.

**A. Reporting Entity**

The School Board complies with U.S. Generally Accepted Accounting Principles (GAAP). The School Board's reporting entity applies all relevant Governmental Accounting Standards Board (GASB) pronouncements. GASB Statement No. 14, *The Financial Reporting Entity*, as amended by both GASB No. 39, *Determining Whether Certain Organizations Are Component Units* and GASB No. 61, *The Financial Reporting Entity: Omnibus* establishes the criteria for determining the governmental reporting entity and component units that should be included within the reporting entity. Under provisions of this Statement, the School Board is considered a primary government.

The School Board has no component units, as defined by the standards. There are no other primary governments with which the School Board has a significant relationship. Certain units of local government, over which the School Board exercises no oversight responsibility, such as the parish police jury, other independently elected parish officials, and municipalities within the Parish, are excluded from these financial statements. Those units of government are considered separate reporting entities and issue financial statements separate from that of the School Board. The School Board is not a component unit of any other entity.

**B. Government-Wide and Fund Financial Statements**

The government-wide financial statements (i.e. the statement of net position and the statement of activities) have reported information on all of the non-fiduciary activities of the primary government. For the most part, the effect of the interfund activity has been removed from these statements.

**LAFOURCHE PARISH SCHOOL BOARD  
THIBODAUX, LOUISIANA**

**Notes to Basic Financial Statements**

---

**Note 1. Summary of Significant Accounting Policies (Continued)**

**B. Government-Wide and Fund Financial Statements (Continued)**

The statement of activities has demonstrated the degree to which the direct expenses of a given function or segment were offset by program revenues. Direct expenses were those that were clearly identifiable with a specific function. Program revenues included 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function, and 2) grants and contributions that were restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues were reported instead as general revenues.

Separate financial statements were provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter were excluded from the government-wide financial statements. Major individual governmental funds were reported as separate columns in the fund financial statements.

The accompanying financial statements of the Lafourche Parish School Board have been prepared in conformity with GAAP as applied to governmental units. GASB has been the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

**C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation**

The government-wide financial statements were reported using the economic resources measurement focus and the accrual basis of accounting, as were the proprietary fund and fiduciary fund financial statements. Revenues were recorded when earned and expenses were recorded when a liability was incurred, regardless of the timing of related cash flows. Ad valorem taxes were recognized as revenues in the year for which they were levied. Sales and use tax revenues were recognized when the underlying sale occurred. Grants and similar items were recognized as revenue as soon as all eligibility requirements imposed by the provider were met.

Governmental fund financial statements were reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues were recognized as soon as they were both measurable and available. Revenues were considered to be available when they were collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenue to be available if they are collected within 60 days of the end of the current fiscal period, except for grants revenue which is considered revenue if collected within the ensuing year. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, claims and judgments, and post-employment and retirement benefits are recorded when payments are due.

THIBODAUX, LOUISIANA**

**Notes to Basic Financial Statements**

---

**Note 1. Summary of Significant Accounting Policies (Continued)**

**C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)**

Other financing sources (uses) are shown in the fund financial statements and represent non-revenue inflows and non-expenditure outflows that affect fund balance. This section includes items such as transfers between funds that are not expected to be repaid, capital lease transactions, insurance proceeds, debt extinguishments, long-term debt proceeds, et cetera. These other financing sources (uses) are recognized at the time the underlying events occur.

Application of the accrual basis of accounting may, at times, require use of certain private sector standards issued by the Financial Accounting Standards Board (FASB) prior to November 30, 1989. In determining which of those standards to apply, the School Board follows the guidance included in GASB Statement No. 62, *Codification of Accounting and Financial Reporting Guidance Contained In Pre-November 30, 1989 FASB and American Institute of Certified Public Accountants (AICPA)*.

The effect of interfund activity has been eliminated from the government-wide financial statements, except for that representing sales tax revenue awaiting distribution from the fiduciary funds to the governmental funds.

Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of borrowings for capital asset acquisition, construction, or improvement of those assets, increased by deferred outflows of resources attributable to capital asset acquisition, construction or improvement, and deferred inflows of resources attributable to either capital asset acquisition, construction, or improvement or to capital asset related debt. Capital-related debt or deferred inflows equal to unspent capital asset related debt proceeds or deferred inflows of resources is included in calculating either restricted or unrestricted net position, depending upon whether the unspent amounts are restricted.

The Lafourche Parish School Board reports the following governmental funds:

**Major Funds**

General Fund - is the general operating fund of the School Board. It accounts for all financial resources except those required to be accounted for in other funds.

2021 Construction Fund - is used to account for the financial resources received through the 2021 bond issuance, the proceeds of which are restricted to the acquisition, construction, or improvement of capital facilities approved by the voters on April 29, 2017.

1995 Sales Tax Salary Reserve Fund - is used to account for the proceeds from the 1995 sales and use tax, for the interest accrued on the accumulated balance, and for the related expenditures which were restricted for salaries.

**Major Funds (Continued)**

Salary Supplement - is to account for the proceeds from the Salary Supplement ad valorem tax, for the interest accrued on the accumulated balance, and for the related expenditures which were restricted for the support of salaries and benefits of the Lafourche Parish School Board employees.

Hurricane Recovery - is used to account for the insurance proceeds and certain additional aid from state and federal sources that was restricted to expenditures that resulted from Hurricanes Gustave, Ike, Isaac, and Ida.

**Non-Major Funds**

Air Conditioning Maintenance - is used to account for the proceeds from the Air Conditioning Maintenance ad valorem tax, for the interest accrued on the accumulated balance, and for the related expenditures which were restricted for maintaining the School Board's maintenance programs including those for the air conditioning systems of the schools in the Parish.

Safety Tax - is used to account for the proceeds from the Safety ad valorem tax, for the interest accrued on the accumulated balance, and for the related expenditures which were restricted expenditures related to the School Board's safety program.

Retirement Supplement - is used to account for the proceeds from the Retirement Obligations ad valorem tax, for the interest accrued on the accumulated balance, and for the related expenditures which were restricted for supplementing the charges for the unfunded accrued liability of the various state retirement systems.

1995 Sales Tax Textbook Reserve - is used to account for the proceeds from the 1995 sales and use tax, for the interest accrued on the accumulated balance, and for the related expenditures which were restricted for the School Board's textbook program.

1995 Sales Tax Technology Reserve - is used to account for the proceeds from the 1995 sales and use tax, for the interest accrued on the accumulated balance, and for the related expenditures which were restricted to improving the School Board's technology.

Medicaid - is used to account for revenues derived from providing Medicaid eligible services to the School Board's students, for the interest accrued on the accumulated balance, and for the related expenditures which were committed to the support of the School Board's school nurse program and for the other support of the School Board's student population

**Non-Major Funds (Continued)**

School Activities - is used to account for funds generated at the school level and are used for school activities for the students attending each school. Student activity funds are not subject to Louisiana's Local Government Budget Act.

Major Maintenance - is used to account for the revenues from mineral extraction royalties and from interest accrued on the accumulated balance that was committed for the funding of major maintenance projects.

Sixteenth Section Land - is used to account for the revenues derived from surface and subsurface annual lease payments, from proceeds from 16<sup>th</sup> section land lawsuits, and from the interest accrued on the accumulated balance that was committed for funding the preservation or enhancement of the School Board's Section Sixteen properties.

Child Nutrition Fund - is used to account for the revenues from the operation of the School Board's Child Nutrition program, for the interest accrued on the accumulated balance, and for the related expenditures which were committed for the operation of the School Board's child nutrition program.

Local Grants - is used to account for the reimbursable grants received from the Lafourche Education Foundation or other local sources of grant funding.

State Grants - is used to account for the various state reimbursable grants received from the State of Louisiana.

Other Federal Grants Direct - is used to account for revenues from the federally financed Indian Act Program to encourage the preservation of Indian traditions and to develop pride in the Indian heritage among those Indian children located in the southern portion of the Parish and the Project Aware - Now is the Time program that assists local educational agencies to support the training of school personnel and other adults who interact with youth in both school settings and communities to detect and respond to mental illness in children and youth, including how to encourage adolescents and their families experiencing these problems to seek treatment

COVID-19 Education Stabilization - is used to account for Federal awards related to the COVID-19 pandemic. The COVID-19 related Federal programs include the Coronavirus Aid, Relief, and Economic Security (CARES) Act, the Coronavirus Response and Relief Supplemental Appropriations Act (CRRSA), and the American Rescue Plan (ARP) Act.

**Note 1. Summary of Significant Accounting Policies (Continued)**

**C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)**

**Non-Major Funds (Continued)**

Every Student Succeeds Act - is used to account for the E. S. S. A. funds including Title I, Title I Part C (Migrant), Title II, Title III English Language Acquisition, and Title IV. These grants provided funding for the economically and educationally deprived school children in the parish, for migratory children to overcome educational disruption, cultural language barriers, social isolation, and other factors that inhibit the ability of such children to achieve high academic standards, to teach English to limited English proficient students, and to reduce class sizes.

Individuals with Disabilities Education Act - is used to account for the I. D. E. A. funds that are part of the ongoing federally financed program that ensures a free education in the least restricted environment to children with exceptionalities.

Other Federal Pass Through - is used to account for all other federal reimbursable grants not accounted for in the Other Federal Grants Direct, Every Student Succeeds Act, or Individuals with Disabilities Education Act were accounted for in this fund.

2003 Construction - is used to account for the financial resources received and that were restricted to the acquisition, construction, or improvement of capital facilities approved by the voters on July 19, 2003.

2007 Construction - is used to account for the financial resources received and that were restricted to the acquisition, construction, or improvement of capital facilities approved by the voters on July 21, 2007.

2012 Construction - is used to account for the financial resources received, including interest earned, and restricted to the acquisition, construction, or improvement of capital facilities approved by the voters on April 21, 2012.

2017 Construction - is used to account for the financial resources received, including interest earned, and restricted to the acquisition, construction, or improvement of capital facilities approved by the voters on April 29, 2017.

Debt Service - is used to account transactions relating to resources, including interest earned, retained, and used for the payment of principal and interest on long-term obligations.

Additionally, the Lafourche Parish School Board reported the following other fund types:

**LAFOURCHE PARISH SCHOOL BOARD  
THIBODAUX, LOUISIANA**

**Notes to Basic Financial Statements**

---

**Note 1. Summary of Significant Accounting Policies (Continued)**

**C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)**

**Proprietary Funds:** Internal service funds account for the cost of general liability, building and contents, auto/fleet, workers compensation, and group health insurance services provided to other departments on a cost-reimbursement basis. Internal service funds (proprietary fund types) differ from governmental funds in that their focus is on income measurement, which, together with the maintenance of equity, were an important financial indicator, so full accrual accounting is employed.

Proprietary funds distinguished operating revenues and expenses from non-operating items. Operating revenues and expenses generally resulted from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the government's internal service funds were charges to the other funds for the cost of general liability, building and contents, auto/fleet, workers compensation, and group health insurance. The operating cost of the internal service funds included the claims and reinsurance expenses of the program. All revenues and expenses not meeting this definition were reported as non-operating revenues and expenses.

**Fiduciary Funds:** The custodial fund is used to account for the collection of sales and use taxes, which were held for several other governmental agencies and the General Fund. The custodial fund included in the statement is fiduciary in nature (assets equal liabilities) and does not involve measurement of results of operations.

Sales Tax Custodial Fund - The Sales Tax Custodial Fund accounts for monies collected by the School Board, acting as the sales tax collection agency in Lafourche Parish, on behalf of the other taxing bodies.

**D. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Net Position**

**Deposits and Investments**

Cash included amounts in demand deposits, interest bearing demand deposits, time deposits and bank money market accounts. Under state law, the School Board may have deposit funds in demand deposits, interest bearing demand deposits, money market accounts, or time deposits within state banks organized under the laws of the state of Louisiana, and national banks having their principal offices in Louisiana.

**Intergovernmental Receivables**

Due from other governments consists of receivables for reimbursement of expenditures under various programs and grants. These amounts also represent various tax type revenues due at year-end. Collections are expected within one year.

**Note 1. Summary of Significant Accounting Policies (Continued)**

**D. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Net Position  
(Continued)**

**Interfund Receivables and Payables**

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables were classified as due from other funds or due to other funds on the balance sheet. Short-term interfund loans were classified as interfund receivables/ payables.

**Inventories and Prepaid Items**

Inventories of the Special Revenue - Child Nutrition Fund consist of food and supplies purchased by the School Board and commodities granted by the United States Department of Agriculture through the Louisiana Department of Education. The commodities were recorded as revenue when received (issued); however, all inventory was recorded as expenditures when consumed. All purchased inventory items were valued at cost determined by specific identification, and commodity inventory items were assigned values based on information provided by the United States Department of Agriculture.

The unexpired portion of insurance represents costs applicable to future accounting periods and was recorded as a prepaid item in the government-wide and proprietary fund statements. All other prepaid items were shown as expenses or expenditures in the year they were paid.

**Capital Assets**

Capital assets, which included land, buildings, improvements other than buildings, and furniture and equipment were reported in the governmental activity column in the government-wide financial statements. The board included all land and buildings in its capital asset inventory. Furniture and equipment had to meet all of the following criteria to be included:

- The item will last more than one year.
- It was nonexpendable; that is, if damaged or worn out, it can be repaired without being replaced.
- It did not lose its identity through fabrication or incorporation into a different or more complex unit.
- Its unit cost exceeded \$5,000.

The land, buildings and improvements, and furniture and equipment were valued at historical cost. Donated items were valued at approximate fair market value at the time of donation. For all buildings and improvements that were acquired prior to June 30, 1998, an independent appraisal company has supplied the estimated dates of acquisition and estimated original costs that were developed from information provided by inspection of the property, and accepted appraisal costing techniques relating current cost of reproduction to historical cost of reproduction.

**Note 1. Summary of Significant Accounting Policies (Continued)**

**D. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Net Position  
(Continued)**

**Capital Assets (Continued)**

The costs of normal maintenance and repairs that did not add to the value of the asset or materially extend the asset's life were not capitalized.

Buildings, other improvements, and equipment were depreciated using the straight-line method over the following estimated useful lives:

<b>Assets</b>	<b>Years</b>
Buildings	25 - 45 Years
Improvements Other than Buildings	10 - 25 Years
Furniture and Equipment	5 - 20 Years

**Right-to-Use Assets**

The School Board has recorded right-to-use lease assets as a result of implementing GASB Statement No. 87. The right-to-use lease assets are initially measured at an amount equal to the initial measurement of the related lease liability plus any lease payments made prior to the lease term, less lease incentives, and plus ancillary charges necessary to place the lease into service. The right-to-use assets are amortized on a straight-line basis over the life of the related lease.

**Deferred Outflows of Resources**

Deferred outflows represent the consumption of the government's net position that is applicable to a future reporting period. The *deferred outflows from bond refundings* consist of losses on general obligation bond refunding activities net of related amortization. The losses associated with the refunding activities are computed by subtracting the book value of the refunded debt from the payments to the escrow agent. The losses from refundings have been amortized over the life of the general obligation refunding bonds issued. The School Board has also included the deferred outflows related to pensions as discussed in Note 4.D. - *Defined Benefit Pension Plans*, and deferred outflows related to other postemployment benefits as discussed in Note 4.C. - *Post-employment Health Care and Life Insurance Benefits*.

**Compensated Absences**

Sick Leave has been earned based on School Board policy *GBRIB Sick Leave* of the Lafourche Parish School Board Policy Manual and is both accumulated and vested. Twenty-five of the vested days are paid to the employee upon retirement. The remainder is used by the retirement systems in the calculation of benefits earned.

**Notes to Basic Financial Statements**

**Note 1. Summary of Significant Accounting Policies (Continued)**

**D. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Net Position

**Compensated Absences (Continued)**

Annual (vacation) Leave has been earned based on School Board policy *GBRIK Annual Leave* of the Lafourche Parish School Board Policy Manual. It is accumulated and vested to all full-time employees with contracts of 230 days or more. Such employees earned 5-20 days of annual leave depending on date of employment and length of service with the School Board. In the fiscal years that ended before July 1, 2004, Annual Leave could be accumulated without limit. The policy was amended in July 2004 to limit the accumulation to 25 days and to provide for the grandfathering in of any accumulation prior to July 1, 2004 that exceeded 25 days.

The cost of current sick leave and annual leave privileges has been computed in accordance with GASB Codification Section C60, and has been recognized as current year expenditures in the governmental funds when leave was taken. The liability for these sick leave and annual leave privileges, not requiring current resources, has been recorded as long-term debt in the government-wide statements.

Sabbatical leave has been earned based on School Board policy *GBRHA Sabbatical Leave* of the Lafourche Parish School Board Policy Manual. It could have been granted for medical leave and for professional and cultural improvement. Any employee with a teaching certificate was entitled, subject to approval by the School Board, to one semester of sabbatical leave after three years of continuous service or two semesters of sabbatical leave after six or more years of continuous service. Sabbatical leave benefits were recorded as expenditures in the period in which paid.

**Long-Term Obligations**

**Deferred Inflows of Resources**

Deferred inflows represent the acquisition of net assets by the government that is applicable to future reporting periods. The School Board has included the deferred inflows related to pensions calculation in the Note 4.D. - *Defined Benefit Pension Plans*. The School Board has also included the deferred inflows related to other postemployment benefits calculation in the Note 4.C. - *Postemployment Health Care and Life Insurance Benefits*.

**Pension Plans**

The Lafourche Parish School Board is a participating employer in three defined benefit pension plans (plans) as described in Note 4.D. - *Defined Benefit Pension Plans*. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of each of the plans, and additions to/deductions from each plans' fiduciary net position have been determined on the same basis as they are reported by each of the plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments have been reported at fair value within each plan.

**Equity Classifications**

Equity was classified as net position and displayed in three components on the government-wide statements:

*Net Investment in Capital Assets* - Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that were attributable to the acquisition, construction, or improvement of those assets.

*Restricted Net Position* - Consists of net position with constraints placed on use by either (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.

*Unrestricted Net Position* - Consists of net position that do not meet the definition of "restricted" or "net investment in capital assets".

Net position balances will be spent according to their restrictions. When expenditures are incurred for purposes for which both restricted and unrestricted fund balances are available, the School Board's policy is to first apply restricted net position balance.

In the fund financial statements, governmental fund equity is classified as fund balance. The School Board adopted GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, for the year ended June 30, 2011. This Statement established criteria for classifying fund balances into specifically defined classifications and clarified definitions for governmental fund types. The following described the different classifications available for fund balances of governmental funds:

- a) **Nonspendable** - Amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.
- b) **Restricted** - Amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.
- c) **Committed** - Amounts that can be used only for specific purposes determined by a formal action of the Lafourche Parish School Board which is the highest level of decision-making authority. Commitments can be established, modified, or rescinded only through resolutions of the School Board.

**Equity Classifications (Continued)**

- d) Assigned - Amounts that do not meet the criteria to be classified as restricted or committed but that are intended to be used for specific purposes. Amounts can only be assigned by the School Board or its administration.
- e) Unassigned - All other spendable amounts.

When both restricted and unrestricted fund balances are available for use, it is the School Board's policy to use restricted fund balance first, followed by committed, and unassigned amounts, respectively.

**Accounting Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make certain estimates and assumptions. Those estimates affect the reported amounts of assets and liabilities and disclosure of assets and liabilities at the date of the financial statements. They may also affect the reported amounts of revenues and expenses of proprietary funds and the government-wide financial statements during the reporting period. Actual results could differ from these estimates.

**E. Adoption of New Accounting Standards**

Effective with the fiscal year ended June 30, 2022, the School Board has adopted GASB Statement No. 87, *Leases*. This Statement establishes standards of accounting and financial reporting for leases by lessees and lessors. As a result, net position as of June 30, 2021 was not restated. The transition adjustment for the lessee leases in existence as of July 1, 2021 resulted in right-to-use lease assets and lease liabilities of \$7,538,564.

Effective with the fiscal year ended June 30, 2022, the School Board has adopted GASB Statement No. 89, *Accounting for Interest Cost Incurred before the End of a Construction Period*. This Statement establishes accounting requirements for interest costs incurred before the end of a construction period.

Effective with the fiscal year ended June 30, 2022, the School Board has adopted GASB Statement No. 92, *Omnibus 2020*. This Statement addresses a variety of topics to enhance comparability in accounting and financial reporting and improve consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB Statements.

**E. Adoption of New Accounting Standard (Continued)**

Effective with the fiscal year ended June 30, 2022, the School Board has adopted GASB Statement No. 97, *Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans - An Amendment of GASB Statements No. 14 and No. 84, and a Supersession of GASB Statement No. 32*. This Statement provides guidance regarding the financial reporting of defined contribution pension plans, defined contribution other postemployment benefit (OPEB) plans, and other employee benefit plans. The Statement will also enhance (1) information related to Section 457 plans that meet the definition of a pension plan and the benefits provided through those plans, and (2) investment information for all Section 457 plans.

**F. Recent Reporting and Disclosure Developments**

As of June 30, 2022, the GASB has issued several statements not yet implemented by the School Board. The statements which might impact the School Board, are as follows:

**GASB Statement No. 96, *Subscription-Based Information Technology Arrangements***

This Statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements. Statement 96 is effective for fiscal years beginning after June 15, 2022.

**GASB Statement 99, *Omnibus 2022***

Statement 99 addresses various accounting and financial reporting issues. The requirements of this Statement are effective as follows:

- The requirements related to extension of the use of LIBOR, accounting for SNAP distributions, disclosures of nonmonetary transactions, pledges of future revenues by pledging governments, clarification of certain provisions in Statement 34, as amended, and terminology updates related to Statement 53 and Statement 63 are effective upon issuance.
- The requirements related to leases, PPPs, and SBITAs are effective for fiscal years beginning after June 15, 2022, and all reporting periods thereafter.
- The requirements related to financial guarantees and the classification and reporting of derivative instruments within the scope of Statement 53 are effective for fiscal years beginning after June 15, 2023, and all reporting periods thereafter.

**GASB Statement 100, *Accounting Changes and Error Corrections-an amendment of GASB Statement No. 62***

Statement 100 enhances the accounting and financial reporting requirements for accounting changes and error corrections. The standard is effective for fiscal years beginning after June 15, 2023.

**B. Sales and Use Taxes**

On March 6, 1965, the voters of Lafourche Parish approved a one-percent sales and use tax to be levied and collected by the School Board. The proceeds of the tax are dedicated for the purpose of payment of salaries of teachers and other personnel employed by the School Board and/or for the general operations of the schools, excluding expenditures for capital improvements and purchases of automotive equipment. The voters approved an additional one-percent sales and use tax for the School Board on April 29, 1995 to provide for salary increases (including related benefits) to all personnel except central office administrators. The tax also provides funding for textbook and technology upgrades.

**C. Ad Valorem Taxes**

Ad valorem taxes and the related state revenue sharing (which were based on population and homesteads in the Parish) are recorded in the year the taxes are assessed. Ad valorem taxes are assessed on a calendar year basis, become due on November 15 of each year, and become delinquent on December 31. The taxes are generally collected in December, January, and February of the fiscal year. State revenue sharing is included in unrestricted state grants. The following is a summary of authorized and levied ad valorem taxes as of June 30, 2022:

<b>Name of Tax</b>	<b>Fund</b>	<b>Authorized Rate</b>	<b>Levied Rate</b>	<b>Expiration Date</b>
Constitutional	General	3.63 mills	3.63 mills	None
Special Maintenance	General	7.49 mills	7.49 mills	2029
Air-Conditioning Maintenance	Air-Conditioning Maintenance	7.49 mills	7.49 mills	2030
Salary Supplement	Salary Supplement	7.49 mills	7.49 mills	2029
Retirement Obligations	Retirement Supplement	2.00 mills	2.00 mills	2031
Safety	Safety Tax	4.00 mills	4.00 mills	2024
Debt Service	Debt Service	11.20 mills	11.20 mills	None

The Debt Service millage rate does not expire, but the rate is limited to the amount needed to pay the interest and principal on the School Board's general obligation debt and to pay other expenses that are legally chargeable to the Debt Service Fund. The rate must be adopted annually and submitted to the Parish Assessor according to state law. The School Board is subject to certain tax abatement agreements with individuals and businesses through one program - the Industrial Tax Exemption Program (ITEP). ITEP is authorized under Article 7, Section 21(F) of the Louisiana Constitution and Executive Order Number JBE 2016-73. The Louisiana State Board of Commerce and Industry (the State Board), a state entity governed by board members representing major economic groups and gubernatorial appointees, with the approval of the governor, may enter into contracts for the exemption from ad valorem taxes of a new manufacturing establishment or an addition to an existing manufacturing establishment. Companies that qualify as manufacturers can apply to the State Board for a property tax exemption on all new property, as defined, used in the manufacturing process. Under the ITEP, companies are required to promise to expand or build manufacturing facilities in Louisiana, with a minimum investment of \$5 million. The exemptions are granted for a 5-year term and are renewable for an additional 5-year term upon approval by the State Board. In the case of the local government, these state-granted abatements have resulted in reductions of property taxes, which the tax assessor administers as a temporary reduction in the assessed value of the property involved. The abatement agreements stipulate a percentage reduction of property taxes, which can be as much as 100 percent. The local government may recapture abated taxes if a company fails to expand facilities or otherwise fails to fulfill its commitments under the agreement. Total ad valorem taxes applicable to the School Board that were abated under ITEP were unavailable due to Hurricane Ida for the year ended June 30, 2022.

**A. Deposits**

The School Board's cash and cash equivalents consist of deposits in local financial institutions and amounts invested in the Louisiana Asset Management Pool (LAMP). On June 30, 2022, the School Board had cash and cash equivalents as follows:

<b>Statement</b>	<b>Cash on Hand and in Banks</b>	<b>LAMP</b>	<b>Total</b>
C	\$ 102,331,223	\$ 45,992,040	\$ 148,323,263
G	710,796	-	710,796
J	12,687,698	584,387	13,272,085
<b>Totals</b>	<b>\$ 115,729,717</b>	<b>\$ 46,576,427</b>	<b>\$ 162,306,144</b>

At year-end, the carrying amount of the School Board's bank deposits, exclusive of LAMP, was \$115,729,717 that was reported above in cash on hand and in banks and the bank balance was \$114,449,616.

Deposits in financial institutions can be exposed to custodial credit risk. Custodial credit risk for deposits is the risk that in the event of financial institution failure, the School Board's deposits may not be returned to them. To mitigate this risk, state law requires deposits to be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent financial institution. The School Board's deposits were not exposed to custodial credit risk at June 30, 2022. The school board does not have a policy with regard to custodial credit risk.

The School Board had LAMP balances of \$46,576,427 included in its cash and equivalents. LAMP is a local government investment pool. LAMP is administered by LAMP, Inc., which is a nonprofit corporation organized under the laws of the State of Louisiana, formed by an initiative of the State Treasurer in 1993. The corporation is governed by a board of directors consisting of the State Treasurer, representatives from various organizations of local government, the Government Finance Officers Association of Louisiana, and the Society of Louisiana CPAs. Only local governments having contracted to participate in LAMP have an investment interest in its pool of assets. The primary objective of LAMP is to provide a safe environment for the placement of public funds in short-term, high quality investments. LAMP investments are restricted to securities issued, guaranteed, or backed by the U. S. Treasury, the U. S. government or one of its agencies, enterprises, or instrumentalities, as well as repurchase agreements collateralized by those securities. The dollar weighted average portfolio maturity of LAMP assets are restricted to not more than 60 days, and consists of no securities with a maturity in excess of 397 days.

**Note 3. Detailed Notes on All Funds and Government-Wide Statements (Continued)**

**A. Deposits (Continued)**

LAMP is designed to be highly liquid to give its participants immediate access to their account balances. LAMP has consistently earned a rating of AAA from Standard & Poor's, the highest rating available to LAMP. Due to this immediate access feature, funds invested in LAMP directly by the school board were considered cash equivalents by the School Board. Funds invested in LAMP through Argent Trust are included in investments.

The investments in LAMP are stated at fair value based on quoted market rates. The fair value is determined on a weekly basis by LAMP and the value of the position in the external pool is the same as the value of the pool shares.

**B. Investments**

The School Board allows funds which are available for investment and above immediate cash requirements to be invested in accordance with the following: a) first priority shall be to secure safety of principle, b) the second priority shall be to ensure liquidity of funds to meet the obligations of the School Board, and c) the third priority shall be the yield of investments.

The following table summarizes the amounts reported as investments as of June 30, 2022:

<b>Investment Type</b>	<b>June 30, 2022</b>	<b>% of Total</b>
Louisiana Asset Management Pool	\$ 12,614,777	24.7%
U.S. Government Agencies	31,071,331	61.0%
Municipal Bonds	5,908,450	11.6%
U.S. Treasuries	1,375,866	2.7%
<b>Total</b>	<b>\$ 50,970,424</b>	<b>100.0%</b>

*Credit risk* - All of the School Board's investments consist of certificates of deposit with financial institutions whose principal offices are located within Louisiana, deposits in the Louisiana Asset Management Pool, bonds issued by Federal Government Sponsored Entities such as Federal Home Loan Bank and Federal National Mortgage Association (GSE's) and bonds issued by Louisiana local governments. The certificates of deposit are covered by federal deposit insurance. LAMP has consistently earned a rating of AAA from Standard & Poor's, the highest rating available to LAMP. The GSE's carry an AAA rating by two of the nationally recognized rating agencies; however, Standard and Poor's rates the securities of these agencies as AA+.

**LAFOURCHE PARISH SCHOOL BOARD  
THIBODAUX, LOUISIANA**

**Notes to Basic Financial Statements**

---

**Note 3. Detailed Notes on All Funds and Government-Wide Statements (Continued)**

**B. Investments (Continued)**

The bonds issued by the Louisiana local governments may be unrated; however, the issuers of these bonds consist of larger local governments within the major metropolitan areas of Louisiana. The School Board does not have a policy with respect to credit risk.

*Interest rate risk* - In accordance with its investment policy, the School Board managed its exposure to declines in fair values for its fixed rate securities by using the weighted average maturity method. This method took into account the timing of maturities and the amounts that were required to mature on specific dates to meet liquidity needs. The laddering strategy which spreads maturity dates was used to meet liquidity requirements and to decrease interest rate risk.

**C. Fair Value Measurement**

The School Board's investments measured and reported at fair value are classified according to the following hierarchy:

- Level 1 Investments reflect prices quoted in active markets.
- Level 2 Investments reflect prices that are based on a similar observable asset either directly or indirectly, which may include inputs in markets that are not considered to be active.
- Level 3 Investments reflect prices based upon unobservable sources.

The categorization of investments within the hierarchy is based upon the pricing transparency of the instrument and should not be perceived as the particular investment's risk.

Debt, equities, and investment derivatives classified in Level 1 of the fair value hierarchy are valued directly from a predetermined primary external pricing vendor. Assets classified in Level 2 include uninsured and unregistered investments with securities held by the counterparty's trust department or agent in the School Board's name. Mortgage and asset backed securities classified in Level 3, due to lack of an independent pricing source, are valued using an internal fair value as provided by the investment manager.

**F. Interfund Receivables, Payables, and Transfers (Continued)**

Interfund transfers are payments made by the School Board from one fund to another that do not carry a corresponding obligation on the receiving fund to repay the amount to the paying fund. The transfers make it easier for management to record expenditures such as payroll where recording of such expenditures to some of the funds is not efficient, while providing enough documentation to fulfill the School Board's obligation to account for the use of restricted funds. Transfers in and out also include the payments made by certain federal funds to the General Fund as indirect costs.

Interfund transfers made during the year ended June 30, 2022 are as follows:

	<b>Transfers In</b>	<b>Transfers Out</b>
<b>Governmental Funds</b>		
General Fund	\$ 27,775,979	\$ 2,400,744

**H. Leases**

**The School Board as Lessee**

The School Board, as a lessee, has entered into lease agreements for vehicles and buses. The total cost of the School Board's right-to-use leased assets is \$7,538,564 less accumulated amortization of \$1,211,372.

The following is a summary of the lease obligation as of June 30, 2022:

	Payable at July 1, 2021	Additions	Reductions	Payable at June 30, 2022	Due within One Year
Lease Obligation	\$ 7,538,564	\$ 172,054	\$(1,476,281)	\$ 6,234,337	\$ 1,381,117

The future lease payments under the lease agreement are as follows:

Year Ending June 30,	Principal	Interest
2023	\$ 1,381,117	\$ 105,197
2024	1,378,001	78,549

2027	692,309	3,666
<b>Total</b>	<b>\$ 6,234,337</b>	<b>\$ 265,809</b>

**I. Compensated Absences**

At June 30, 2022, employees of the School Board had accumulated and vested \$6,621,720 of employee leave benefits, which was computed in accordance with GASB Codification C60. The total of leave reductions that came from leave payouts was \$271,090 in fiscal year 2022. The liability for leave privileges not requiring current resources were recorded as long-term debt in the government-wide financial statements.

General obligation bonds were direct obligations with the principal and interest requirements to be funded in accordance with Louisiana law by the annual ad valorem tax assessment on taxable property within the Parish. At June 30, 2022, the School Board had accumulated \$7,751,861 in the debt service fund for future debt requirements. The amount of the pledged revenue, equal to the remaining principal and interest, is \$257,532,025. Pledged revenues on the bonds recognized during fiscal year 2022 were \$8,034,116, while the debt service payment requirements were \$11,105,272. The difference in debt service payment requirements, and the revenues recognized were covered through accumulated fund balance of the Debt Service Fund.

The following schedule contains the general obligation bond debt requirements for ensuing fiscal periods:

Year Ending June 30,	Principal	Interest	Total
2023	\$ 7,515,000	\$ 6,593,775	\$ 14,108,775

**J. Bonded Debt (Continued)**

In accordance with Louisiana Revised Statute 39:562.M, the School Board was legally restricted from incurring long-term bonded debt in excess of 50 percent of the assessed value of taxable property. At June 30, 2022, the legal debt limit was \$538,532,228 while the net outstanding bonded debt, bonded debt total less debt service accumulation, was \$195,112,928 resulting in a legal debt margin of \$343,409,300.

In October 2020, the School Board issued \$18,670,000 in general obligation refunding bonds. The bonds were issued for the purpose of refunding \$8,625,000 of the 2012 refunding bonds and \$8,010,000 of the 2013 refunding bonds and paying the cost of issuance of the bonds. The bonds are secured by and payable from ad valorem taxes. The interest rate on the bonds range from 1.25% to 2.4%, and the maturity date is March 1, 2030. The \$8,625,000 and \$8,010,000 are considered defeased. The School Board recognized a deferred gain of \$290,291 on this defeasance and will amortize that gain over the remaining term of the bonds.

The School Board has five general obligation refunding series bond issues outstanding. When the refunding bonds were issued, a trust account was set up to pay off the refunded bonds according to their original repayment schedules. At June 30, 2022, the balance of the refunded bonds that were still outstanding was \$35,670,000.

**K. Deficit Fund Balances**

At June 30, 2022, the Major Maintenance Fund reported a deficit fund balance of \$(127,034). At June 30, 2022, the 2012 Construction Fund reported a deficit fund balance of \$(554,112). These deficits are expected to be resolved through transfers in future periods.

**Note 4. Other Information**

**A. Risk Management**

The School Board has established a Group Health Insurance Fund (an internal service fund) to account for various risks of loss related to providing medical payments as required by the group health insurance program. Under this program, the Group Health Insurance Fund assumes \$300,000 for each claim and the School Board has purchased commercial insurance for claims in excess of the exposure assumed by the Group Health Insurance Fund. Also, the School Board has retained a third-party administrator to supervise, evaluate and administer claims, and provide a preferred provider network.

**A. Risk Management (Continued)**

All funds with budgeted employee positions participated in the program and made payments to the fund based on management’s estimates of the amounts needed to pay prior and current year claims. These interfund “premiums” were reported as quasi-external transactions. The Group Health Insurance Fund has a \$-0- net position at June 30, 2022.

The School Board was exposed to various risks of loss related to personal injury to students and other individuals (not employees), and to its buildings and contents. The following table contains the exposures to these perils that are managed using the Loss Control Fund:

<b>Type of Peril</b>	<b>Per Occurrence Limit</b>	<b>Aggregate Limit</b>	<b>Self-Insured Retention</b>

All Other Perils	100,000,000		100,000

The General Fund makes payments to the Loss Control Fund based on current premiums and expected losses from these types of exposure. These interfund “premiums” were reported as quasi-external transactions. The June 30, 2022 net position in the Loss Control Fund was \$1,112,907.

The School Board was also exposed to various risks of loss related to providing medical and indemnity payments as required by law for on-the-job related injuries. To account for and finance its uninsured risks of loss, the School Board has established a Workers Compensation Fund (an internal service fund). Under this program, the Workers Compensation Fund was responsible for \$550,000 of each workers compensation claim and has a \$2.0 million limit for each workers compensation claim. Also, the School Board had retained a third-party administrator to supervise, evaluate and administer claims, and provide loss prevention services.

All funds that pay salaries participated in the program and made payments to the fund based on management's estimates of the amounts needed to pay prior and current year claims. These interfund "premiums" were reported as quasi-external transactions. The net position in the Workers' Compensation Fund was \$2,359 as of June 30, 2022.

At June 30, 2022, the outstanding claims liability accruing to the Loss Control, Workers Compensation and Group Health Insurance Funds was \$1,985,797. The estimated claim liability had been determined by the third-party administrator based on historical information and anticipated payments. These liabilities were based on the requirements of GASB Statement No. 10, *Accounting and Financial Reporting for Risk Financing and Related Insurance Issues*, which required a liability for claims be reported if information prior to the issuance of the financial statements indicates that it was probable and the amount of the loss can be reasonably estimated.

The following table showed the changes in this liability as of June 30:

The School Board was self-funded for unemployment claims filed with the State of Louisiana. The claims were accounted for on the cash basis in the fund in which the original salary was paid. The School Board paid \$36,874 to the State of Louisiana for benefits claimed during the year ended June 30, 2022. The School Board retains a third-party administrator to supervise, evaluate, and administer claims.

**B. Contingent Liabilities**

The Lafourche Parish School Board receives funding under grants from various federal and state governmental agencies. These grants specify the purpose for which the grant monies are to be used and such grants are subject to audit by the granting agency or its representative. If the grant monies received are not expended appropriately, the Lafourche Parish School Board may be required to reimburse the granting agency.

**B. Contingent Liabilities (Continued)**

At June 30, 2022, the School Board was involved in several lawsuits. In the opinion of legal counsel for the School Board, the potential claims against the School Board, not covered by insurance, or for which a liability has already been accrued in the internal service funds would not materially affect the financial statements.

The Lafourche Parish School Board received funding under contracts for E-Rate. These contracts specify the purpose for which the monies were to be used and such contracts were subject to audit by the granting agency or its representative. If the contract monies received were not expended in accordance with the contracts, the Lafourche Parish School Board may be required to reimburse the funding agency.

During the fiscal year 2018, the Lafourche Parish School Board and Siemens Building Technology negotiated changes to the contract for Energy Conservation Equipment and Consulting Services that was originally signed on October 5, 2005 for the purpose of the sale and installation of energy saving equipment, monitoring, maintenance and service designed to save energy and reduce costs for certain property and buildings. The original terms of the contract were similar to ones that were successfully challenged in court. The amended contract was reviewed and found satisfactory by Louisiana Legislative Auditor. The amended contract revises the methods in which savings are calculated and verified. Under the previous terms of the contract, the School Board would owe Siemens about \$1,377,496 for savings that would have accrued through May 31, 2018, the anniversary of the contract. No payments have been made to the vendor under of the Guaranteed Savings portion of the Energy Performance contract. Management has not reevaluated this amount in 2022 because it believes the likelihood of the contractor asserting this claim is remote.

**C. Postemployment Health Care and Life Insurance Benefits**

*Plan Description.* The Lafourche Parish School Board provided certain continuing health care and life insurance benefits for its retired employees. Substantially all of the School Board's employees become eligible for these benefits if they reach normal retirement age while working for the School Board. These benefits for retirees and similar benefits for active employees were provided through the Group Health Insurance Fund whose monthly premiums were paid jointly by the employee or retiree and by the School Board.

The Lafourche Parish School Board's OPEB Plan (the OPEB Plan) is a single-employer, defined benefit OPEB plan administered by the School Board. The authority to establish and/or amend the obligation of the employer, employees, and retirees rests with the School Board. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75.

**C. Postemployment Health Care and Life Insurance Benefits (Continued)**

*Eligibility.* Active employees are eligible for health benefits at retirement as long as they were enrolled in the School Board's plan prior to retirement. Employees retiring with ten consecutive years of coverage (if hired after July 1, 2009) or five consecutive years of coverage (if hired prior to July, 2009) are eligible for reduced rates.

The School Board implemented a Humana Group Medicare Advantage plan for its Medicare eligible retirees effective January 1, 2019. The Humana plan is mandatory for all eligible retirees.

At June 30, 2022, there were 1,745 active employees and 1,254 retirees in the OPEB Plan.

*OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows or Resources Related to OPEB.* The School Board's total OPEB liability of \$171,056,289 was measured as of June 30, 2022 and was determined by an actuarial valuation as of that date. For the year ended June 30, 2022, the School Board recognized OPEB expense of \$8,003,811. At June 30, 2022, the School Board reported deferred inflows of resources related to OPEB from the following source:

	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Differences between Expected and Actual Experience	\$ 2,087,448	\$ -
Changes of Assumptions	-	(25,754,573)
<b>Total</b>	<b>\$ 2,087,448</b>	<b>\$ (25,754,573)</b>

Amounts reported as deferred outflows and inflows of resources related to OPEB will be recognized in the School Board's OPEB expense in future years as follows:

<b>Year Ending June 30,</b>	<b>Amount</b>
2023	\$ (19,722,605)
2024	(3,944,520)

*Actuarial Assumptions and Methods.* The total OPEB liability in the June 30, 2022 actuarial valuation was determined using the following actuarial assumptions and methods, applied to all periods included in the measurement, unless otherwise specified:

Discount Rate, Beginning of Year	2.16%
Discount Rate, End of Year	3.54%
Salary Increases	3.50%
Medical Consumer Price Index	3.00%
Inflation Rate	3.00%
Actuarial Cost Method	Entry Age Normal, based on level percentage of projected salary
Amortization Method	Closed period of 2.2 years (average remaining service)
Plan Participant Percentage	Assumed that 100% of all employees and dependents eligible for the early retiree benefits will participate
Mortality Rates	Pub-2010 mortality table with generational scale MP-2021

The above reference discount rates were determined using 20-year general obligation bond rates.

The health care cost trend rates are based on a current HCA Consulting trend study, and are applied on a select and ultimate basis, as follows:

<b>Expense Type</b>	<b>Select</b>	<b>Ultimate</b>
Pre-Medicare Medical/Rx Benefits	7.0%	4.00%
Medicare Benefits	6.0%	4.00%
Stop Loss Fees	7.0%	4.00%
Administrative Fees	4.0%	4.00%

**D. Defined Benefit Pension Plans**

The Lafourche Parish School Board (the School Board) is a participating employer in several cost-sharing defined benefit pension plans. These plans are administered by three public employee retirement systems, the Teachers' Retirement System of Louisiana (TRSL), the Louisiana School Employees' Retirement System (LSERS) and the Louisiana State Employees' Retirement System (LASERS). Article X, Section 29(F) of the Louisiana Constitution of 1974 assigns the authority to establish and amend benefit provisions of these plans to the State Legislature. Each system is administered by a separate board of trustees and all Systems are component units of the State of Louisiana.

Each of the Systems issues an annual publicly available financial report that includes financial statements and required supplementary information for the system. These reports may be obtained by writing, calling, or downloading the reports as follows:

**Plan Descriptions**

**Teachers' Retirement System of Louisiana (TRSL)** is administrator of a cost-sharing, defined benefit pension plan. The plan provides retirement, disability, and survivor benefits to employees who meet the legal definition of a "teacher" as provided for in R.S. 11:701. Eligibility for retirement benefits and the calculation of retirement benefits are provided for in R.S. 11:761.

**Louisiana School Employees' Retirement System (LSERS)** administers a cost-sharing, defined benefit pension plan to provide retirement, disability, and survivor benefits to eligible state employees and their beneficiaries as defined in R.S. 11:411-414. The age and years of creditable service required in order for a member to receive retirement benefits are established by R.S. 11:441 and vary depending on the member's hire date, employer, and job classification.

**Louisiana State Employees' Retirement System (LASERS)** is the administrator of a cost-sharing, defined benefit pension plan. The plan provides retirement, disability, and survivor benefits to school employees as defined in R.S. 11:1002. Eligibility for retirement benefits and the computation of retirement benefits are provided for in R.S. 11:1141.

**Cost-of-Living Adjustments**

The pension plans in which the School Board participates have the authority to grant cost-of-living adjustments (COLAs) on an ad hoc basis. COLAs may be granted to these systems (TRSL, LSERS, and LASERS) if approved with a two-thirds vote of both houses of the Legislature, provided the plan meets certain statutory criteria related to funded status and interest earnings.

**Funding Policy**

Article X, Section 29(E)(2)(a) of the Louisiana Constitution of 1974 assigns the Legislature the authority to determine employee contributions. Employer contributions are actuarially determined using statutorily established methods on an annual basis and are constitutionally required to cover the employer's portion of the normal cost and provide for the amortization of the unfunded accrued liability. Employer contributions are adopted by the Legislature annually upon recommendation of the Public Retirement Systems' Actuarial Committee. TRSL also receives a percentage of ad valorem taxes collected by parishes. The Parish is not a participating employer in the pension system and is considered to be a non-employer contributing entity.

Contributions to the plans are required and determined by State statute (which may be amended) and are expressed as a percentage of covered payroll. The contribution rates in effect for the year ended June 30, 2022, for the School Board and covered employees were as follows:

Plan	School Board	Employees
TRSL		
Regular Plan	25.20%	8.00%
Plan A	25.20%	9.10%
LSERS	28.70%	7.50% - 8.00%
LASERS	39.50%	7.50%

The contributions made to the Systems for the past three fiscal years, which equaled the required contributions for each of these years, were as follows:

Plan	2022	2021	2020
TRSL			
Regular Plan	\$ 17,851,130	\$ 17,362,966	\$ 16,994,597

**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

The following schedule lists the School Board's proportionate share of the Net Pension Liability allocated by each of the pension plans based on the June 30, 2021 measurement date. The School Board uses this measurement date to record its Net Pension Liability and associated amounts as of June 30, 2022 in accordance with GASB Statement 68. The schedule also includes the proportionate share allocation rate used at June 30, 2021, along with the change compared to the June 30, 2020 rate. The School Board's proportion of the Net Pension Liability was based on a projection of the School Board's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined.

Plan	Net Pension Liability at June 30, 2021	Rate at June 30, 2021	Increase (Decrease) Rate at June 30, 2020
TRSL	\$ 72,275,540	1.35380%	0.01352%

**Discount Rate**

The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that sponsor contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, each of the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The discount rate used to measure the total pension liability for TRSL, LSERS, and LASERS was 7.40%, 6.90%, and 7.40%, respectively, for the valuation dated June 30, 2022.

**Support of Non-Employer Contributing Entities**

Contributions received by a pension plan from non-employer contributing entities that are not in a special funding situation are recorded as revenue by the respective pension plan. The School Board recognizes revenue in an amount equal to its proportionate share of the total contributions to the pension plan from these non-employer contributing entities. During the year ended June 30, 2022, the School Board recognized revenue as a result of support received from non-employer contributing entities of \$899,135 (TRSL) for its participation in the plans.

**Payables to the Pension Plan**

The Lafourche Parish School Board recorded accrued liabilities to each of the Retirement Systems for the year ended June 30, 2022 mainly due to the accrual for payroll at the end of each of the fiscal years. The amounts due are included in liabilities under the amounts reported as accounts, salaries, and other payables.

**E. On-Behalf Payments for Salaries and Benefits**

GASB Statement No. 24, *Accounting and Financial Reporting for Certain Grants and Other Financial Assistance*, requires the School Board to report in the financial statements on-behalf salary and fringe benefits payments. The Parish Tax Collector makes retirement remittances to the teacher's retirement system of the State of Louisiana. These remittances are a portion of the property taxes and state revenue sharing collected which are statutorily set aside for teacher's retirement. The basis for recognizing the revenue and expenditure payments is the actual contribution made by the Tax Collector's office. For the 2022 fiscal year, the Tax Collector paid the Teacher's Retirement System of Louisiana \$1,005,261. These amounts are reflected in the financial statements for the General Fund.

**LAFOURCHE PARISH SCHOOL BOARD  
THIBODAUX, LOUISIANA**

**Notes to Required Supplementary Information**

---

**Note 1. Other Postemployment Benefits (OPEB) Schedule**

The Lafourche Parish School Board's OPEB Plan is a single-employer, defined benefit OPEB plan administered by the Board. The authority to establish and/or amend the obligation of the employer, employees, and retirees rests with the Board. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75.

**Changes of Assumptions**

The discount rate changed from 2.16% to 3.54% for the year ended June 30, 2022.

**Note 2. Pension Plan Schedules**

**Changes of Benefit Terms**

For the 2021-2022 fiscal year, and as of the June 30, 2021 measurement dates, there were no cost-of-living adjustments (COLAs) granted by TRSL, LSERS, or LASERS.

**Changes of Assumptions**

For the 2021-2022 fiscal year, the following assumptions to measure the TRSL total pension liability as of the measurement date of June 30, 2021:

- The discount rate changed from 7.45% to 7.40%.

For the 2021-2022 fiscal year, the following assumptions to measure the LSERS total pension liability were changed as of the measurement date of June 30, 2021:

- The discount rate changed from 7.00% to 6.90%.

For the 2021-2022 fiscal year, the following assumptions to measure the LASERS total pension liability were changed as of the measurement date of June 30, 2021:

- The discount rate changed from 7.55% to 7.40%.

**Note 3. Budgetary Information**

At the September 2021 meeting of the School Board, the superintendent submitted a consolidated budget prepared on the modified accrual basis of accounting to the School Board, so they can review it before public inspection. The budget contains the estimate of revenues and proposed expenditures for the General, Special Revenue, and Debt Service funds. The school board was not required, and did not prepare annual budgets for the Capital Projects Funds.

A public hearing was conducted at the School Board office to obtain taxpayer comments. After this public hearing, the budget was enacted by the board on September 1, 2021. This process had to be completed by September 15<sup>th</sup> of the applicable budget year.

**LAFOURCHE PARISH SCHOOL BOARD  
THIBODAUX, LOUISIANA**

**Notes to Required Supplementary Information**

---

**Note 3. Budgetary Information (Continued)**

State law required budget amendments if revenues will be short of estimates or if expenditures will exceed estimates by 5% or more. The superintendent was authorized to make changes within the various budget classifications provided that any reallocation of funds affecting more than five percent (5%) of the projected revenue collections must be approved in advance by action of the School Board. The results were compared monthly, starting in September.

**Non-Major Special Revenue Funds Descriptions**

---

**SPECIAL REVENUE FUNDS**

Special revenue funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditures for specified purposes other than debt service or capital projects. The School Board maintains the following special revenue funds:

**Air Conditioning Maintenance** - is used to account for the proceeds from the Air Conditioning Maintenance ad valorem tax, for the interest accrued on the accumulated balance, and for the related expenditures which were restricted for maintaining the School Board's maintenance programs including those for the air conditioning systems of the schools in the Parish.

**Safety Tax** - is used to account for the proceeds from the Safety ad valorem tax, for the interest accrued on the accumulated balance, and for the related expenditures which were restricted expenditures related to the School Board's safety program.

**Retirement Supplement** - is used to account for the proceeds from the Retirement Obligations ad valorem tax, for the interest accrued on the accumulated balance, and for the related expenditures which were restricted for supplementing the charges for the unfunded accrued liability of the various state retirement systems.

**1995 Sales Tax Textbook Reserve** - is used to account for the proceeds from the 1995 sales and use tax, for the interest accrued on the accumulated balance, and for the related expenditures which were restricted for the School Board's textbook program.

**1995 Sales Tax Technology Reserve** - is used to account for the proceeds from the 1995 sales and use tax, for the interest accrued on the accumulated balance, and for the related expenditures which were restricted to improving the School Board's technology.

**Medicaid** - is used to account for revenues derived from providing Medicaid eligible services to the School Board's students, for the interest accrued on the accumulated balance, and for the related expenditures which were committed to the support of the School Board's school nurse program and for the other support of the School Board's student population.

**School Activities** - is used to account for funds generated at the school level and are used for school activities for the students attending each school. Student activity funds are not subject to Louisiana's Local Government Budget Act.

**Major Maintenance** - is used to account for the revenues from mineral extraction royalties and from interest accrued on the accumulated balance that was committed for the funding of major maintenance projects.

**Sixteenth Section Land** - is used to account for the revenues derived from surface and subsurface annual lease payments, from proceeds from sixteenth section land lawsuits, and from the interest accrued on the accumulated balance that was committed for the funding of the preservation or enhancement of the School Board's Section Sixteen properties.

**LAFOURCHE PARISH SCHOOL BOARD  
THIBODAUX, LOUISIANA**

**Non-Major Special Revenue Funds Descriptions (Continued)**

---

**SPECIAL REVENUE FUNDS (CONTINUED)**

**Child Nutrition** - is used to account for the revenues from the operation of the School Board's Child Nutrition program, for the interest accrued on the accumulated balance, and for the related expenditures which were committed for the operation of the School Board's child nutrition program.

**Local Grants** - is used to account for the reimbursable grants received from the Lafourche Education Foundation or other local sources of grant funding.

**State Grants** - is used to account for the various state reimbursable grants received from the State of Louisiana.

**Other Federal Grants Direct** - is used to account for revenues from the federally financed Indian Act Program to encourage the preservation of Indian traditions and to develop pride in the Indian heritage among those Indian children located in the southern portion of the Parish and the Project Aware - Now is the Time program that assists local educational agencies to support the training of school personnel and other adults who interact with youth in both school settings and communities to detect and respond to mental illness in children and youth, including how to encourage adolescents and their families experiencing these problems to seek treatment.

**COVID-19 Education Stabilization** - is used to account for Federal awards related to the COVID-19 pandemic. The COVID-19 related Federal programs include the Coronavirus Aid, Relief, and Economic Security (CARES) Act, the Coronavirus Response and Relief Supplemental Appropriations Act (CRRSA), and the American Rescue Plan (ARP) Act.

**Every Student Succeeds Act** - is used to account for the E. S. S. A. funds including Title I, Title I Part C (Migrant), Title II, Title III English Language Acquisition, and Title IV. These grants provided funding for the economically and educationally deprived school children in the Parish, for migratory children to overcome educational disruption, cultural language barriers, social isolation, and other factors that inhibit the ability of such children to achieve high academic standards, to teach English to limited English proficient students, and to reduce class sizes.

**Individuals with Disabilities Education Act** - is used to account for the I. D. E. A. funds that are part of the ongoing federally financed program that ensures a free education in the least restricted environment to children with exceptionalities.

**Other Federal Pass Through** - is used to account for all other federal reimbursable grants not accounted for in the Other Federal Grants Direct, Every Student Succeeds Act, or Individuals with Disabilities Education Act were accounted for in this fund.

**Non-Major Capital Projects Funds Descriptions**

---

**CAPITAL PROJECTS FUNDS**

Capital projects funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditures for capital outlays, including the acquisition or construction of capital facilities and other capital assets. Capital projects funds exclude those types of capital-related outflows financed by proprietary funds or for assets that will be held in trust for individuals, private organizations, or other governments. Financing has been provided by the proceeds from various sales, revenue, and general obligation bonds. The School Board maintains the following capital projects funds:

**2003 Construction** - is used to account for the financial resources received and that were restricted to the acquisition, construction, or improvement of capital facilities approved by the voters on July 19, 2003.

**2007 Construction** - is used to account for the financial resources received and that were restricted to the acquisition, construction, or improvement of capital facilities approved by the voters on July 21, 2007.

**2012 Construction** - is used to account for the financial resources received, including interest earned, and restricted to the acquisition, construction, or improvement of capital facilities approved by the voters on April 21, 2012.

**2017 Construction** - is used to account for the financial resources received, including interest earned, and restricted to the acquisition, construction, or improvement of capital facilities approved by the voters on April 29, 2017.

**Non-Major Debt Service Fund Description**

---

**DEBT SERVICE FUND**

The debt service fund is used to account for and report financial resources that are restricted to expenditures for debt service, including the retirement of bond principal and the payment of interest and other debt-related charges. The School Board has one debt service fund, which is funded primarily by ad valorem taxes. The School Board maintains the following debt service fund:

**Debt Service** - is used to account for resources, including interest earned, retained and used for the payment of principal and interest on long-term debt, which consists of general obligation bonded debt.

\* Reassessment Year

The assessor adds property to the ad valorem tax rolls by first determining the fair market value of the property as it becomes subject to ad valorem tax. The assessor then applies the appropriate assessed valuation percentage to the property's fair market value to determine gross taxable value. The percentages are:

- 10% for land and improvements for residential purposes
- 15% for electric cooperative properties, excluding land, and other property
- 25% for public service properties, excluding land, and other property

The homestead exemption of \$75,000 is then deducted from property subject to the exemption in determining the net assessed value.

Under the laws of the State of Louisiana, the assessor is required to re-appraise all property subject to ad valorem tax every four years.

# SINGLE AUDIT

June 30, 2022

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND  
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF  
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH  
GOVERNMENT AUDITING STANDARDS**

Independent Auditor's Report

To the Members of the  
Lafourche Parish School Board  
Thibodaux, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Lafourche Parish School Board (the School Board), as of and for the year ended June 30, 2022, and the related notes to the basic financial statements, which collectively comprise the School Board's basic financial statements, and have issued our report thereon dated January 31, 2023.

**Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the School Board's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School Board's internal control. Accordingly, we do not express an opinion on the effectiveness of the School Board's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses.

**Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the School Board's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School Board's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

**REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM;  
REPORT ON INTERNAL CONTROL OVER COMPLIANCE; AND REPORT  
ON SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS  
REQUIRED BY UNIFORM GUIDANCE**

Independent Auditor's Report

To the Members of the  
Lafourche Parish School Board  
Thibodaux, Louisiana

**Opinion on Each Major Federal Program**

We have audited the Lafourche Parish School Board's (the School Board) compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the School Board's major federal programs for the year ended June 30, 2022. The School Board's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the School Board complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

**Basis for Opinion on Each Major Federal Program**

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the School Board and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the School Board's compliance with the compliance requirements referred to above.

**Responsibilities of Management for Compliance**

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the School Board's federal programs.

**LOUISIANA • TEXAS**

### **Auditor's Responsibilities for the Audit of Compliance**

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the School Board's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the School Board's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the School Board's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the School Board's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the School Board's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### **Report on Internal Control over Compliance**

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis.

*A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

**Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance**

We have audited the financial statements of the School Board as of and for the year ended June 30, 2022, and have issued our report thereon dated January 31, 2023, which contained an unmodified opinion on those financial statements. Our audit was performed for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the financial statements as a whole.

Under Louisiana Revised Statute 24:513, this report is distributed by the Louisiana Legislative Auditor as a public document.

**Notes to Schedule of Expenditures of Federal Awards  
For the Year Ended June 30, 2022**

---

**Note 1. Basis of Accounting**

The accompanying schedule of expenditures of federal awards is presented using the modified accrual basis of accounting, which is described in Note 1 to the School Board's basic financial statements for the year ended June 30, 2022.

**Note 2. Clusters of Programs**

A cluster of programs means a grouping of closely related programs that share common compliance requirements. The types of clusters of programs are research and development, student financial aid, and other clusters. "Other clusters" are defined by the Office of Management and Budget (OMB) in the Compliance Supplement.

**Note 3. Reconciliation of Total Federal Revenues in Statement E to Total Program Activity in Schedule of Expenditures of Federal Awards**

Federal award revenues are reported in the School Board's financial statements as follows:

Restricted Grants In Aid Direct	\$ 397,297
Restricted Grants In Aid Subgrants	34,907,160
Revenue for/on Behalf of LEA	<u>699,146</u>
<b>Total Federal Revenues in Statement E</b>	<b><u>\$ 36,003,603</u></b>

**Note 4. Non-Cash Assistance**

Non-monetary assistance is reported in the schedule at the fair market value of the commodities received and disbursed. At June 30, 2022, the School Board had food commodities totaling \$816,488 in inventory. The value of commodities received during the period ended June 30, 2022 totaled \$698,162.

**Note 5. De Minimis Cost Rate**

The School Board uses an indirect cost rate negotiated and approved by the Louisiana Department of Education and the U.S. Department of Education, and has elected not to use the 10% de minimis indirect cost rate as provided for in Section 200.414 of the Uniform Guidance.
