

# Personalized Specialty Pharmacy Care

With Elixir Pharmacy, you can rely on our highly skilled team of licensed pharmacists. They'll design a comprehensive care program and monitor your condition to help you achieve your best health. We take a disease- and drug-specific approach to care, providing a compassionate human touch, which results in a superior level of satisfaction.

## Elixir Pharmacy is Your Partner in Complex Specialty Care

Certain conditions, such as rheumatoid arthritis, multiple sclerosis and cancer, require specialty medications with complex treatment regimens. These medications can be limited in availability and very costly. Elixir Pharmacy is a specialty care partner who not only understands your condition, but also takes time to understand your unique needs.

- Our dedicated team of pharmacists and care coordinators are specially trained to provide you with comprehensive support 24 hours daily.
- As a new member, we will contact you to understand your clinical needs and develop a personalized care plan based on your condition and prescribed treatment.
- Your medication is delivered safely and quickly to your home or prescriber's office.
- We provide therapy-specific training and education, so you learn how to safely store and administer your medications and understand precautions for side effects.
- We conduct detailed benefit reviews to help you understand out-of-pocket expenses and, when possible, connect you to financial assistance programs.
